B. Revenue Management

Definition & Scope of Work

Definition:

Revenue Management is the application of disciplined analytics that predict consumer behavior at the micro-market level and optimize product availability and price to maximize revenue growth. The Primary aim of Revenue Management is selling the right product to the right customer at the right time for the right price and with the right pack. In the essence, it is to understand customers' perception of product value and accurately aligning product prices, placement and availability with each customer segment through Channel Manager to all the important **Online Travel Agents (OTA's), other Travel Agents, Direct consumers etc.**

Objectives

1. To improve the occupancy of each and every property for which revenue management is undertaken by appropriate utilization of Business Intelligence Facility (Reputation Aggregator & Rate stopper etc).
2. Improve the Rev.PAR (Revenue per available room) and turnover by appropriate promotion & techniques including dynamic price management (eg. Daily change of room rate according to the demand to maximize sales through OTA's).

Prescribed methods are

- i. Gathering room type wise information on previous performance of the property for which revenue management is undertaken.(viz previous year's actual occupancy during the Season Period etc, average room revenue earned etc)
- ii. Implement the revenue algorithms to boost the room sales. Revenue algorithms shall be based on occupancy and demand of the property for particular day/period or general demand.
- iii. Sending weekly/monthly reports with regard to revenue management

No of Pages: 8

Signature of the bidder with Name & Office Seal

Revenue Algorithms

- a) Offering of fluctuating rates/discounts based on the Demand/Occupancy of a particular room category in consultation and agreement with the management of KTDC.
 - b) Suggest fluctuating rates or discounts on KTDC Booking engine as well as for the Online Travel Agents(OTA's), based on the consumer demand of the hotel for the week day/weekend etc
 - c) Selling of the rooms on a discount or on a premium for Advance Bookings according to the number of nights stay and occupancy on the particularity of dates (holidays, conference, business etc) and also in accordance with competitor's price changes.
3. Identification and timely reporting of the Competitor's price changes and suggesting the pricing to be done on various Online Travel Agents platforms.
 4. Help the property to earn more revenue by taking direct bookings through properties online booking engine etc
 5. Identification new OTA windows for the property and help in getting registered in the same through Channel Manager.
 6. Maintenance of Rate Parity and room parity on various Online Travel Agent Platforms to ensure unbiased and equal support from Online Travel Agents and therefore Zero tolerance for Rate disparity.
 7. Ensuring that the money is credited to bank account of KTDC before the guest checks-in by all OTA's like Expedia and Agoda except in the case of pay at hotel clients.
 8. Timely invoice rising for Expedia and Agoda etc and to ensure that the money is credited in the bank account of KTDC (optional).

Signature of the bidder with Name & Office Seal

9. To closely work with the reservation team and the revenue management coordinator of the Corporation.
10. Ensure that the daily/weekly/monthly reports with remarks on various indicators/results are reached at the appropriate time to the corporate management to make smart informed business decisions.

Expected results
